NOTICE TO MARINERS

No. 19 of 2017

Existing Lead-in Jetty Demolition

As part of the Alexandra Basin Regeneration Project, the existing Lead in Jetty to Graving Dock Number 2 is to be demolished. It is expected that these works will take place from the 20th March 2017 to the 31st October 2017. (Circa 7 months' duration)

The works consist generally of the demolition of an existing Lead in Jetty located at the entrance to the existing Graving Dock No. 2. It is required to demolish the existing lead in Jetty in order to provide access to future Berths No. 27 and No. 28 to the North West corner of the Alexandra Basin. The Lead in Jetty is 120m long x 10m wide x 10m deep and is constructed of concrete caissons filled with gravel.

The following Vessels will be utilized for the demolition works to the Lead in Jetty:

1. 14 CD Spud Leg Dredger "Aoibheann".
2. 25 TBP Single Screw Tugboat "M.T. Gargal"
3. Work Pontoon "Sandfisher".

All craft will monitor Channel 12 continuously and show the required lights and shapes. All vessels should pass at slow speed and make due allowance for this operation.

VTS will keep all vessels updated and advised of any relevant information.
