

NOTICE TO MARINERS

No. 39 of 2020

TEMPORARY REDUCTION IN DECLARED FAIRWAY DEPTH

Masters, Warranted Pilots, Holders of Pilotage Exemption Certificates, Owners, Operators and Agents of all Vessels navigating within Dublin Port are hereby notified that shoaling has been identified in the Inner Fairway, west of the Breakwaters and within Alexandra Basin West reducing the declared depth to **-7.4m CD**.

Please see the attached plan of the port where the areas of shoaling have been indicated in red.

All vessels are required to maintain 1.0m Under Keel Clearance when transiting the fairway, Tidal Windows will be re-calculated based on the reduced depth.

The vessel 'FASTNET SOUND' is due in the Port to commence dredging and bed-levelling operations in the coming days.

CANCELLED

Following bed-levelling operations the inner fairway has been restored to a declared depth of **-7.8m CD**.

This notice is hereby cancelled.
