safety culture
and practice,
port-wide.

Note, that this pile marks the top of a slope to the fairway and should be avoided by at least 10m

The project will involve the construction of two new river berths and associated linkspans and will involve both land based and marine based plant.

The following craft are involved in the construction works;

Taktow	Tug
Jamie D	Multi-cat
Voe	Work boat
MP1	Workboat
Molly	Safety boat
GPS602	Crane barge
Sprucelight	Supply barge
CW9-195019	Crane Barge
MV James	Landing Craft
MV Braylen	Landing Craft

Due to the ongoing construction activity and presence of piles and potential under water obstructions Mariners are requested to keep clear of the work site.

VTs will keep all vessels updated and advised of any relevant information and this Notice will be updated to reflect the ongoing works as the project progresses.

Further details on the project can be found at www.dublinport.ie/masterplan/mp2/
